## Mr. T. J. Nall's Son Hugh, Buried In Dallas

News dispatches of Friday of last week told of the tragic death of Mrs. Hugh Nall, and the serious condition of her husband, Hugh Nall in Jackson, Miss.

Hugh Nall was the second son of Mr. and Mrs. T. J. Nall of Hamlin. He and his wife were employed by a Transportation Company in Jackson, Miss., doing office work. On Thursday night of last week they went to their home as usual and were to have reported back at their office at 3:00 A. M. They did not show up and hours passed, and at 9:00 A. M., persons went to investigate. They found their room closed and quiet. It was opened and an unbearable heat from a stove that used, perhaps, manufactured gas, was burning high and the man and wife were on the bed. Mrs. Nall was dead and Mr. Nall unconscious. He never revived. A specialist was called and he thought the heat of more than 200 degrees had fairly parched the lungs and seared the brain. Death came about Sunday. He is survived by two daughters by his first wife.

Mr. Nall was the only one from Hamlin able to attend the funeral which was in Dallas Wednesday. His wife was not able to make the trip.

No theory was settled upon as to the cause of the uncontrolled gas stove. It could have been a defect or unusual pressure.

Deep sympathy is felt for the family in this hour of sorrow.

## Anson To Stage Ball President's Birthday

Anson, Texas, Jan. 20, 1942—The annual celebration of the President's Birthday Ball will be held at Pioneer Hall, Anson, on the night of January 30th, according to announcement made by C. W. Bartlett, County Chairman of the organization.

Lawrence Crider has been made chairman for Stamford, Mrs. V. R. Bonds for Hamlin, W. A. Carter for Hawley, and Roy Mays for Anson.

Tickets will be on sale at Roy Mays station, C. W. Bartlett at Home Furniture, and the bank in Anson, in charge of Henry Fry, and the local Chamber of Commerce office.

Mrs. George Harrell is vice-chairman and J. H. Warren is secretary and treasurer for the county. Abe Cruchfield and his orchestra, who have been playing for the Cowboys Christmas Ball programs for several years, will furnish the music which will be appropriate for the old time dances to be featured.

The net proceeds will be divided fifty-fifty between the county and Washington headquarters for infantile paralysis funds.

## Card of Thanks

Words are inadequate to express to you our feeling of deep appreciation for your many acts of kindness, your comforting words and great sympathy during the illness and death of our loved one. We thank you and pray God will abundantly bless you.

## Little Girl Swallows A One Cent Coin

Little Miss Brenda Kay Gould, age 22 months, daughter of Dr. and Mrs. Don Gould, created a lot of excitement at her home Saturday night. The colored girl gave the baby a copper coin and so soon it disappeared and the little lady began to gag and take on. The doctor took an X-ray and located it beneath all danger to the windpipe, but lodged. After a lot of phoning to Stamford and Abilene, they decided to get a specialist in Abilene to get it out. So a neighbor, Harry Dodson, volunteered his car and services and rushed them to Abilene, where in a short while instruments picked the coin out. No harm done, except it was a costly penny.

## Jones County Puts More Men In Army

The past week Jones County picked deeper into the reservoir of married men to go into Army training. The following were inducted and were accepted:

Alvis M. Bond, Hamlin  
John C. Jenkins, Hamlin  
Clyde Huff, Hamlin  
Glenn Winslett, Hamlin  
Horace H. Hooper, Stamford  
James T. Lemons, Stamford  
Andrew M. Stanford, Stamford  
Thomas P. Porter, Stamford  
Joe W. Davis, Stamford  
William T. Howe, Anson  
Charles W. White, Anson  
Vergil P. Pittman, Anson  
Willie H. Grimes, Avoca  
Talma C. Ball, Hawley  
Dan L. Littlefield, Abilene

All of these men were given a short furlough before being sent to the Reception Center.

In most every bunch of men selected, there are a few who can't make the physical examination. So far the Herald has heard of but one such man, T. C. Robertson, Jr., of Hamlin, has been found to have a bad case of high blood pressure. They have given him two or three searching tests.

## Stamford Boy Killed In Airplane Crash

Weldon Crawford, son of Mr. and Mrs. Sam Crawford of Stamford, who formerly resided in Hamlin, was buried in Stamford last Saturday. This young flyer was one of four sons of Mr. and Mrs. Crawford who were in the service. Weldon was 21 years of age. His death took place at Eagle Pass on Thursday of last week.

The members of the Sam Crawford family are of the most highly esteemed people in Jones County. Fine citizens from every angle. Not only in Stamford and Hamlin will their friends have general deep sympathy for them in their bereavement, but in every part of the country where they are known.

Surviving are the parents, and five brothers, Clyde of Abilene, Lt. James Crawford in the Army at Camp Hood, Onis (formerly clerk at Bryant-Link, Hamlin) now in the Hawaii Islands Army; Ensign Earl Crawford, San Diego, and Ralph, a student in Stamford.

## Important Postal Rules For the Soldiers' Mail

Postmaster Perry Sparks furnishes the Herald with an official order as follows:

Order No. 19,687, effective January 15, 1943:

No. 1. No parcel exceeding 5 pounds in weight, or 15 inches in length, or 36 inches in length and girth shall be accepted for dispatch to A. P. O.'s overseas for individuals.

The order is rather lengthy but includes other important regulations such as requiring that all newspapers and magazines can only be sent to overseas addresses by the publishers who must have a written order for the paper or magazine or to complete subscriptions already paid for. All papers or their wrappers must bear certificate that it is being offered to the mails in compliance with said order.

All packages to soldiers overseas must first be requested by the soldier and approved by his battalion or unit commander and the name and general description of articles be given. Parcels addressed to individuals overseas must be accompanied by the approved written request.

No matter addressed to members of the armed forces or other persons receiving mail through A. P. O.'s overseas shall be accepted as insured or C. O. D. mail. Money or valuables cannot be registered, however letters containing valuable or important papers may be registered. Money should not be inclosed in ordinary letters. Money order service is recommended.

Mail addressed to men in army posts will be forwarded if the men have departed for overseas before such mail is delivered to the post.

It would appear that the Order applies only to the Army and contractors and civilians served by the A. P. O.'s outside the continental United States and not to the Navy, Marines or Coast Guard. If in doubt consult your Postmaster.

## Rationing At A Glance

WAR RATION BOOK NO. 1—Used for sugar and coffee, will be required to obtain Book No. 2 soon. Those not having Book No. 1 may obtain them from the local ration board until January 15th, 1943.

WAR RATION BOOK NO. 2—To be issued soon, will provide for rationing on a "point system."

MILEAGE RATION BOOKS—Books, A, B, and C, used for passenger car gasoline; E and R books for non-highway uses; D for motorcycles; T for trucks and commercial vehicles.

SUGAR—Stamp No. 10 in Book No. 1 good for 3 pounds until midnight, January 31, 1943.

COFFEE—Stamp No. 28 in Book No. 1 (for those 15 or older) good for 1 pound until midnight, February 7, 1943.

MEAT—Voluntary share-the-meat program sets limit at 2 1/2 pounds per week. Meat will be rationed under the "point system" after Book No. 2 is distributed.

GASOLINE—Value of each coupon in A, B and C books is 4 gallons. First 8 coupons in A book are good until midnight, Jan. 21, 1943. Those who think they are eligible for supplemental rations, should see their local ration board.

Tire Inspectors—All passenger vehicle operators must have official tire inspections by Jan. 31, 1943. Thereafter, A and D (motorcycle) book holders must get inspections each four months. Holders of B and C books must get tires inspected every two months or every 5,000 miles, whichever comes first.

Tires—If official tire inspector recommends a tire replacement or recap, apply to local ration board for tire or recap ration certificate. Tires and recaps will be rationed to all on the basis of tire inspections and county quotas available, with most essential mileage to come first.

Office of War Information

Mrs. Geo. Owen and Mrs. Mattie Colborn left today for Amarillo to have a brief visit with Miss Bobbie Stephens. Bobbie left Washington, D. C., Jan. 18. She is being transferred to San Diego, Calif., where she holds a nice position with the government. This is a wonderful trip also a nice promotion. Bobbie is really seeing things and is making good.

## Harold Bonner Heads Co. Red Cross, 1943

Harold Bonner, former postmaster at Hamlin and now rural mail carrier, was elected to head Jones Co. Red Cross Chapter for 1943 in annual meeting in Stamford Monday night.

Robert Cross, Anson, was appointed to conduct the 1943 War Fund Drive opening March 1, succeeding Miss Dorothy Cassle, resigned. County quota was announced at \$7,950, with \$4,700 designated to carry out American National Red Cross program at home and abroad, and \$3,250 set apart for conducting local war-time services and operation of the chapter.

Miss Kathryn Harris, headquarters field representative, will visit Jones County Red Cross officials on January 21 and 22 to help plan the 1943 War Fund Campaign, heralded as most important task ever faced by the American Red Cross.

Other 1943 officers elected were: Byron E. Lewis, Stamford, vice-chairman; Mrs. C. F. Butcher, Hamlin vice-chairman; Rueben Nance, Lueders vice-chairman; Oran A. Dean, retiring chairman, Anson vice-chairman; Ilmer Holland, Hawley vice-chairman; Mrs. Gordon Bennett Hamlin, secretary, and Miss Olive McDougle, Stamford, treasurer.

County-wide participation in the Red Cross program was shown in service reports. Sixteen communities assisted in sewing and knitting and preparing 5,662 production items. Mrs. L. M. York reported; 4,783 were for foreign war relief, 879 for Army and Navy on government order. Surgical dressings totalled 41,400. Larger production quotas will arrive soon, to fill increasing war needs. In Volunteer Special Services, Mrs. Bailey Post, Canteen chairman, reports corps of nine members, and class now under way training four more and seventeen canteen aides. Mrs. Emil Kainer, Anson, is ready to teach a class there upon organization.

Nine Jones county communities were offered home nursing training, Mrs. George Zachary, chairman, reported. Sixteen nurses qualified as Red Cross instructors, and 257 certificates were issued.

Six nutrition classes were taught, in three towns. Mrs. R. F. Mahood, chairman, reported; three in Stamford under Mrs. H. K. Langford; two in Anson, under Mrs. Emil Kainer, and one at Hodges under Mrs. Clara Brown Long; forty-eight certificates were issued.

Mrs. E. M. Pittman, Anson, chapter representative on Camp Berkeley Hospital Service Council, attended five council meetings. Jones county contributed \$204.49 for program and \$100 from chapter funds; \$21.39 from Hawley; \$31.70 on special Christmas fund from Hamlin, \$52.40 from Anson. Hawley contributed four Bibles and a convalescent lap-robe; Stamford donated one Bible, forty ash trays, and fifteen Bingo prizes.

Home service, Red Cross link for the service man to his family, has grown from eight calls for January, 1942, to forty-four in the first 18 days of January, 1943. Miss Hybernia Grace, Anson, chairman, told. Services included last year, 429 conferences, 397 letters, ninety-two long distance phone calls, 144 telegrams, 1,745 miles traveled, \$148.08 direct relief, \$568.98 relief loans, and cost of all activities, \$1,033.58.

Twenty juniors enrolled in Red Cross life saving taught by Mrs. John Bennett, water safety chairman; thirteen completed courses; twenty Camp Fire Girls took swimming instruction, and a Red Cross water safety film was shown to three audiences.

Publicity report showed weekly releases to five county papers, some service to state papers, four Red Cross Associated Press items for the year, two chapter items on headquarters "sheet o' shorts" at St. Louis.

Mrs. Steve Bennett, retiring treasurer, Stamford, reported a cash balance of \$1,270.69. Among recent contributions was over \$350 from Hamlin.

CEDAR POSTS is the subject this week and we get plenty of all kinds. Better get 'em at PAUL BRYAN LUMBER CO.

Mrs. Marvin Massey and children of Stamford visited her parents, Mr. and Mrs. W. E. Crow from Wednesday until Sunday. Mr. Massey came Saturday to accompany them home.

## Jones County Salvage Week, January 22-29

County Agent Binion phoned the Herald Thursday to announce in Hamlin that County Judge Smith had designated January 22nd to 29th as Jones County Salvage Week. This conforms with the National Salvage Week.

This means hunting up some more stuff that is needed, such as scrap rubber, scrap metals, tin cans, silk and nylon hosiery, waste fats, etc.

Just where all these are to be deposited is not known, but surely it will find its way to the proper place. Some may think all such scrap has been gathered, and that is true in many cases, but there is always "some more."

## Dr. Joe McCrary Left For the Army Tuesday

Please stop saying "Doctor McCrary," for on Tuesday of this week Dr. Joe McCrary donned the uniform of a Lieutenant of the Dental Corps, and bid farewell to his friends and hiked out for Dallas to report to the Eighth Army Headquarters.

Dr. McCrary has been knowing that he was to be inducted since last summer, and his call and commission did not arrive till a few days ago. In the meantime, pending letting out the information to the public, he quietly worked like everything on some "emergency" patients to shape up his dental obligations as good as possible before leaving.

Just where this young dentist will land can't be known yet, even to himself. In all probability they will send him to an Officers' Training School, for conditioning, both physically and "immunization," which means about a dozen shots of various severity. Also in all likelihood, Dr. Joe will take a few lessons in drilling, etc. Just what a dentist must do in the Army is not quite understood, even by the dentists themselves. One thing certain he will work on teeth or guard the health of teeth and maybe operate a bit where injuries come to grinders.

## Farmers and Stockmen Plan for An Important Annual Meeting Soon

War-time operations of farms and ranches may temporarily go back to the "good old days" when a trip to town was a big event, said J. B. Pumphrey, president of Stamford Production Credit Association on January 20, 1943, in announcing plans for the association's annual stockholders' meeting.

Despite extra work at home and rationing, he said, the PCA is expecting a large attendance of members in the counties served by the association because of the importance of the meeting.

"Farmers and stockmen are war workmen just as much as employees in the armament plants," Mr. Pumphrey said. "But the one big difference is that farmers must arrange to finance their own businesses. This is a vital consideration because the agricultural producer must have assurance of funds to carry him through under any kind of conditions as well as financing for maximum war production. This involves maintaining a sound business set-up, good management and expansion that is only in line with the operator's facilities and experience to do a good job of producing."

The Association stockholders' meeting will be held Friday, January 29th, at 10:30 o'clock at the Bunk House Texas Cowboy Reunion grounds in Stamford, Texas.

Plans will be discussed for keeping the association services at a high level under war-time conditions; annual reports will be made; and two directors will be elected. Lunch will be served at noon.

To save mileage, "share the ride" committees are to be formed in communities through Jones, Haskell, Knox, King, Shackelford, Stonewall, Dickens and Kent counties.

Miss Constance Teague who will receive her degree from N.T.S.T.C. Denton, at the close of the present semester, has accepted a position in the Port Arthur schools as a teacher of English, and began her work there this week.

## Hoop-e-e! Post Office Stayed Open Saturday

Not but a few weeks ago was it that this page carried a kind of complaint, a kind of worry, or something along that line about the Hamlin Postoffice being closed so blooming much, while the patronizing public searched about for stamps, and wished for a chance to do business with Uncle Sam, in many ways. Well, it seems our prayers or wishes, or griping or what have you, got results, anyway the President gave a general order for all postoffices to give 8 hours per day, and six days per week. So there.

So last Saturday afternoon folks got a surprise . . . the office was open, ready for business just like it should always have been. It was so easy to go down in the afternoon and buy 500 post cards, a bunch of stamps, and send a big package off to a customer who had waited already several days for his order. Thank you Franklin! Or should we give credit to Congressman Sam Russell? Maybe he had a conference with the President.

Now seriously . . . various circumstances, conditions and habits prompt normal affairs in all communities, small or great. City ways do not fit small towns . . . folks who do not like big city ways should move to the country and likewise, if the little town does not fit one he should hike out to a city . . . all of us have been accustomed to coming to town on Saturday and buying and selling, getting our mail and sending off letters and packages. If it's a public place that is closed up and "nothing doin'," it does not set well. If it is a private place, we think "Oh Heck!" and find another door.

## A Red Cross Kit May Kill A Jap

When Jones County Red Cross Chapter reports its activities for the war year on January 18, a Jap may be added to its list of achievements.

Second Lieutenant H. A. Sterkel of a Pacific bombardment group has just written, "The next Jap that our crew gets will be for your Chapter" in a thank-you letter to Red Cross officials at Stamford for a soldier's kit he received. His appreciation is the tenth acknowledged to Jones County Chapter and unique. Fifty kits are sent monthly by production corps of the area.

Red Cross officers for 1943 and reports of chairmen will feature the business of the annual meeting to be held at the production room in Stamford next Monday night. All persons who have paid Red Cross memberships may attend and vote. Oran A. Dean, Anson, chapter chairman, will preside.

Women in all towns of the county who are doing Army and Navy Red Cross knitting are requested to get this turned in by the last of January before a new quota arrives, Mrs. L. M. York, production chairman, announces.

## Important Events—

Within the space of one week, in these days of world-wide upheaval, death and destruction, mighty events can take place. Even small incidents expand into history-making that will resound for 100 years.

The above paragraph was the embryo of an editorial, started last week, when circumstances cut out our "editorializing" for that issue.

The words of men, of statesmen, these days, have as much bearing on the present and future trends of history as actions of armies and fleets. We have in mind, especially, the recent speech of President Roosevelt. A great many Americans heard what he said, but fewer persons got down and actually read his speech word for word, and then weighed and measured the far-reaching statements expressed.

Of course the President's speech was what the most people in all nations were wanting to hear. The man who speaks for the greatest power on earth would necessarily be heard far. But much of what the President said was known, or was suspected before hand, by persons who keep up with current events. Of course the main subject was "What are WE doing about winning this war." "YES," he says, "the Nazis and the Facists have asked for it—and they are going to get it." That sounds like good Old American. You bet they are "going to get it."

Remember Mr. Roosevelt did not say "Full speed ahead, and let's make the United States the arsenal for democracy" till in June, 1940, when France fell. Then it took months to overcome the influence of Isolationists in Congress, and beat down the gangs of fifth columnists over the nation. It was up-hill to get speed, and who wanted to make an "arsenal" in America, anyway? We've learned a lot and did so much

that even the President is surprised at the accomplishments.

1942: 48,000 military air planes  
56,000 combat vehicles  
670,000 machine guns  
21,000 anti-tank guns  
10 billion rounds small ammunition  
181 million rounds artillery ammunition.

Well, that's only part of making speed and converting this nation into an "Arsenal of Democracy". The whole field of accomplishments is too vast for even the President to realize, counting ships of all kinds, and a thousand other items needed to prove to Hitler-Musso-Hiro that they will get it, and mighty fast from here out. The world will never see again such accomplishments by a people to help fight for freedom for others as well as for ourselves.

"But," says the President, "We must not forget that our achievements in production have been relatively no greater than those of the Russians, and British and Chinese, who developed theirs under incredible battle difficulties."

The words that must stick in the hearts of every nation now fighting against oppression were these: "It is clear to us that if Germany and Italy and Japan—or any one of them—remain armed at the end of this war, or are permitted to rearm, they will again, and inevitably embark upon an ambitious career of conquest. They must be disarmed and kept disarmed."

This doctrine must be spoken, preached, urged in every nook and corner of the lives of ALL free people of the world, and kept going on till every possible item of war is destroyed or surrendered while we have ready the will power and the material resources to enforce every humane demand. Do this or expect to see the baby boys of this year go into another struggle far more destructive than this one, within 25

or 30 years. But one more paragraph:

"The people have now gathered their strength. They are moving forward in their might and power—and no force, no combination of forces, no trickery, no deceit or violence, can stop them now. They see before them the hope of the world—a decent, secure, peaceful life for all men everywhere."

—T &amp; T—

## O Yes, The War—

Some people do not like to think about the war, much less read about it or hear about it. They are a kind of Ostrich-human . . . just imagine it's not in the world and all's well.

But again we must say, "War is going to be on our minds and our hearts, in our conversations, in the press and over the air till peace shall come to the world again." You can't hide a thing so serious as war when we all realize that two million American boys are already across the seas facing every conceivable manner of hardships and death. So we will have to be serious till they come home.

How about the war, anyway? We all know about the same. We fully believe the end is approaching for Hitler and his Italian henchmen. We are thrilled at the great push-back the Russians are giving the mighty German armies. We have come to value the Russian hardihood and valor above everything else except our own kin and language in the fight. It looks like Germany is toppling on all battle fronts, and in her hold on the conquered nations. It is our prediction that she will never try another winter of war. By November or December she will have borne all human bodies can stand.

The best news this week was about the bombing of Berlin. They asked for it and they will get it. But let's remember that Germany is like an old coon . . . when we think she is down and out, it is then she might take another painful blow at Our Nations' armies. None of us will feel good till every German is pushed out of Africa. When that is done, our real front has shaped up. Hundreds of city bombings will be had before the victory is won, and some of them will be where our men are. If it takes another 100,000 planes to finish the job, we know America will furnish the planes. No one need doubt the outcome. Each week more nations are realizing that the enemies of freedom and decency are Germany, Italy and Japan, and they can't whip the world. We predict Italy will fall first, then Germany and last old Japan, which might hang on for five or ten years. They are the unknown factor, the X of the problem now. Our soldiers and sailors will kill Japanese till none will be left to oppose them, and that's the only way to pay them for what they started on us.

Yes, we must talk war till peace comes, and bear its pangs, whatever the consequences.

—T &amp; T—

## Talk About Food—

As the inside facts of the several countries ravished by Germany become better known, the more American people are impressed with the fact that millions of people will face starvation rapidly as the months come on. Not yet do the people of the United States realize the seriousness of the life and death situation that now prevails. Food is the most prized article now in the world. It is too terrible to try to figure out.

Perhaps the real truth will not be known soon, of how Poland, Greece and the besieged cities of Russia, like Leningrad, have suffered and died. Then there are a dozen other countries almost equally as

bad off. This leads us to vision our own happy land of plenty and more than enough. This leads us to wonder if the realization is yet strong enough for this nation to want to make every acre produce something for the suffering starving world. All strings on production should be cut. Concentration should be placed on kinds of foods best for quantity and for shipment. Shipments can be made as the end of the struggle comes.

It takes labor to produce from the land. It must be borne in mind that the well and hearty worker must be paid, but how can a sick, broken people pay or borrow and repay? So again the generosity and big heartedness of our Free America will respond to a call that must be heard unless we too, be engulfed in the chaos of starvation and anarchy that will threaten our future security.

Our country has so long been accustomed to all we want in standards of living, in luxuries, in doing what we please and when, till now the slightest retrenchment causes a howl and political fuss. It is too bad that we have had to fight to help maintain the "uprightness" of the present civilization, and now when the pinch comes regarding foods and help for the sick and starving, we'll hear of this nation being called upon to furnish and not be paid. So it seems that nothing is left for us except to furnish, feed and fight. Food is the key to victory.

—O-O—

## Pass 'Em On . . .

. . . If anybody knows of any man who is evading the draft, better tell 'em to get busy, the F. B. I. is after all such . . . and there's the F. B. I. hunting fraudulent manipulations of government contracts, and all such chiselers as they had better dig a hole and pull in one after them . . . there's going to be a lot of checking-up before the end of all this war construction is over . . . who'll be next? . . . Now comes in the news that old TOJO is sick in Tokyo . . . course he's sick, and when our boys get through kicking that old slant-eyed dragon, he'll be very sick-abled . . . Maybe old Tojo is preparing to commit harikari, or whatever it is that they do to commit suicide . . . Then there's the big talk about Hitler's U boats on the rove again . . . Sometimes a "sand heel" gets an idea in his mind, and that's what we mean when we say the way to stop the U boats is to whack 'em where they are built . . . And U boats are built on lakes, rivers, seashores, and perhaps far inland and railroaded to the water . . .

## About Soldiers--Sailors

Here's an idea, Soldiers, Sailors and others: If ever you get away off somewhere and can't get stamps for airmail, just write :Free, Air Mail, No Stamps—C O D"—then the person to whom you send the letter will be so glad to hear from you a six cents stamp will "come-a-stick-in' ". Credit Earl Godwin for that one.

—S &amp; S—

Our Marine, Pvt. Bill Harbert, sends the Herald a nice letter from his place at San Diego. Bill is in there pitching, or maybe blocking or kicking, punting or whatever they call it in the Marines. Anyway if Bill makes as good a hand shootin' Japs as he did footballing and working when over here in his dear little ole Hamlin, he'll be doing plenty. Bill says he thinks he is the only Hamlin boy who has not written the Herald . . . and that it seems every Hamlin boy has gone. Well, Bill that's about right. They are now picking 'em quite green, like pulling young apples, or pluckin' chickens not quite yet large enough to fry. But Bill, at the same time let's remember they are now taking any young rooster (just so he's warm) and besides the whole community is full of "war widows"—you never saw the like. It is like going out into the poultry yard, when the choice roosters are taken, they begin to pick the older ones, and then the old "Tuffs". Soon there will hardly be a young married man (without children) left. But Bill, we've got a hard job to do and if it's not done, and a plenty too, what we've got or have been accustomed to will not be worth a flip. So keep that in mind, Bill, as you learn to handle that big 95 pounder. Now folks, Bill Harbert is in the Artillery, and it takes 8 boys to play the gun, and it throws a 95 pound wallop. Bill says it should take a few Japs out of the picture. You see, folks, Bill learned co-operation with 10 other boys down on the football field, and NOW he's got only 7 to a battery to play with. He says "Things look like I'm not going to be in these good old United States long, and I wish I could come home first."

Well, when we get a letter from one of our "Fightin' Pipers," we just wish we could do something or say something that will let them know we're rootin' for 'em, all along the line. Bill, when you "kids" come back, we old boys are going to throw a big party for the "men and women of the hour." Yep.

## MOVING TO SLATON

This week Mr. and Mrs. S. T. Brunson and children left for Slaton to make their home. In Slaton it will be "Conductor" Brunson. Mr. Brunson has been with the old Orient and Santa Fe since Nov. 5, 1909 and the past twenty-two years in Hamlin. Thirty-three years and over. But S. T. Brunson is still a young fellow, as his looks show, and it will be a long time before he is up to the retirement age. Yes, this family will be missed after all these years in our little city.

—O-O—

This week Earl Andress, the father of Pvt. Emary L. Andress came by and renewed his paper for another year. Lloyd tells his parents he does not want the Herald to stop, although it is sometimes two months getting to him. Lloyd has been stationed somewhere up in Alaska for the past eight months.

—S &amp; S—

The name Sgt. will not be used any longer before the name of William H. Pickron, for just recently he has been promoted to Lieutenant in Aviation.

—S &amp; S—

Information comes that Flight Officer W. B. Teague left the States for foreign service on Jan. 2. He is one of our community boys who has gone up fast. He now ranks a commission and somewhere the Japs will feel the sting of his fast plane.

—S &amp; S—

A. C. Kincaid, Seaman 1st Class, and wife of Corpus Christi, have been visiting his mother, Mrs. H. A. McWright.

—S &amp; S—

Chunk McCurdy is at home from his aviation training at the Reserve at McMurry College, waiting for orders to go to some other place for advance flying. He is applying for an instructor's position.

—S &amp; S—

Pvt. Jay H. Fitzgerald came down with the northern from Lubbock for a few days at home with his wife this week.

—S &amp; S—

A son was born to Mr. and Mrs. Albert Haught Saturday morning, January 16, in the Rotan hospital. The baby has been named Jackie Don.

## To serve you best... WE MUST SERVE THE NATION FIRST

Long distance telephone calls are helping move things faster these days in scores of army camps and munitions factories. And long distance telephone lines are crowded.

We know you're glad to help us clear the way for vital war calls by making as few calls as possible, by being brief, and by avoiding the long circuits to faraway cities particularly between 7 and 9 p.m. After all, war is everyone's Number One job.

But don't think we have forgotten that your calls are important, too. We're as anxious as ever to serve you when you need us. If we ask for your co-operation, it's because we know that to serve you best, we must serve the nation first.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## Honored With Wedding Hamlin N. H. Society & Going Away Shower

On Thursday afternoon, January 14, Mrs. Merle Russell who before her marriage was Miss Erma Jewell Altum, was honored with a miscellaneous shower in the home of Mrs. R. L. Scott. Forty guests enjoyed this pleasant hour with the honoree who was presented sixty lovely gifts.

Three books were made by the guests containing a history of their lives from babyhood to the time of their marriage.

Sandwiches, salad, cookies, and chocolate were served.

The bride will leave January 25, to join her husband, a cook in the air corps, who is stationed in New York.

## Mrs. Gerry Richardson and W. D. Stahl Marry

Mrs. Gerry Richardson and Mr. W. D. Stahl were married Thursday morning, January 7th, at nine o'clock in the home of Mr. Stahl's sister, Mrs. P. L. Mercer in Rule. The ceremony was read by the Rev. Frank Craven, pastor of the Rule Presbyterian Church.

Mrs. Stahl is a daughter of W. L. Walton, of Hamlin, and had lived with her father at his farm home south of Hamlin which was destroyed by fire some weeks ago.

Mr. and Mrs. Stahl are now making their home on the B. Middleton farm in the Wise Chapel community.

## WE SLING GYP

(Frances Nichols-Minnie Lee Elkins)

Most people are wondering just when this cold weather is going to end. This is the coldest weather we have had this year, but just pile another quilt on your bed and think nothing of it.

O. C. Gilbert, Supt. of the Texas Cement Plaster Company, is now rooming with Mr. and Mrs. J. O. Lewis and family. Mr. and Mrs. Lewis recently moved into the old Calhoun residence.

We are sorry to hear that Mr. and Mrs. E. L. Cox have had a touch of flu, but we are glad that he has been able to remain on his job. Mrs. Cox reports that they are both better.

Misses Inez Wallace, Winifred Carr, and Mary Lou Bond, who are employed in Abilene, were home Monday to visit their parents, Mr. and Mrs. Floyd Wallace, Mr. and Mrs. H. C. Carr and Mr. and Mrs. Glenn Bond.

Mrs. Wandale Smith spent the week end in Sweetwater visiting relatives, Mr. and Mrs. Elam Ewing and children.

Irma Ruth and Clinton, of Longworth, spent the week end with Mr. and Mrs. George Tompkins and daughter, Billie Faye.

Mrs. C. V. Tunnel is enjoying a visit from her mother, Mrs. Ellen Watts from Waco.

Mrs. Ronald Ray returned home from Lubbock and is now visiting Mr. and Mrs. Roy Ray and family of Breckenridge.

Miss Peggy Polk entertained a few of the young people with a 42 and card party last Thursday night. The visiting guests were Misses Charlene Durham and Mary Dena Huling of Hamlin.

Mr. and Mrs. Jack Scott and fam-

ily and Mr. and Mrs. H. Ewing and family spent Sunday with Mr. and Mrs. Voshel Ewing and son, Donald Wayne in Rotan.

Mr. and Mrs. J. C. Lovelace of Fort Worth visited Sunday in the homes of Mr. and Mrs. John Riddle and family, Mr. and Mrs. Leonard Nichols and family and Mr. and Mrs. R. F. Jackson. Mrs. Lovelace is the former Juanita Riddle.

Mr. Roy and H. Ray were here Thursday visiting friends and relatives.

Miss Aladean Smith spent the week end with Miss Frances Nichols.

A number of friends attended quiltings in the homes of Mrs. Luther Harrison, Wednesday, and Mrs. Henry Martin Friday.

We are sorry to hear that Mr. and Mrs. B. F. Wilcox and daughter, Corene are moving to Hamlin.

Mr. and Mrs. B. L. Smith of California were here Sunday to visit their parents, Mr. and Mrs. Henry Ware, and Mr. and Mrs. Rufus Fancher. Mrs. Smith is the former Wanda Fancher. Mr. Smith returned to California Monday to go to the Army, but Mrs. Smith is remaining with her parents.

Miss Sara Ann Stelle was honored with a birthday party in her home Thursday night. A number from Plasterco and McCaulley attended. A good time was reported by all.

We want to welcome Mr. and Mrs. Andrew Lester and daughters, and Mr. and Mrs. Tubby Owens and daughter, Stella, who have recently moved to this community.

Staff Sgt. and Mrs. Fred Hemphill from Fort Benning, Ga., are enjoying a visit home.

Mr. and Mrs. W. A. Brown and family have heard from their son and brother, W. A., who is somewhere fighting for the good old U. S. A. He reports that he is well and is looking forward to coming home. W. A. is in the Marines and his fam-

ily had not heard from him in some time.

Mr. and Mrs. Leonard Nichols received a report from their son, Pvt. Raymond Nichols, that he is still under quarantine for mumps. Raymond went into the army the 20th of Nov. and has been under quarantine ever since. He still hasn't had the mumps.

Mr. and Mrs. W. E. Griffin and children, Lynn, Lovela and John, spent Sunday with Mr. and Mrs. Jack Rhine in Hamlin.

Mrs. Maggie Rhoton and family visited in the home of Mr. and Mrs. June Rhoton Friday afternoon.

Mr. and Mrs. G. W. Vernon returned home after a week's visit in Sagerton.

We are sorry to learn that Floyd Smith has a bad case of mumps.

Pvt. Arnold Galloway, of Fort Sill, visited his brother and family,

Mr. and Mrs. C. A. Galloway, Saturday night.

Mrs. Rufus Fancher handed us a dollar for the Herald to be sent to her for a year.

Clifford Carr has gone to Wichita Falls to work.

—o-o-o—

J. C. Farris Jr., of 572 Eddy St., San Francisco, sends the Herald a little note saying, "Just a breeze from the West, in regard to what those may expect, who are headed this way." Farris is employed in the Richmond Ship Yards No. 2, Richmond, Calif. He inclosed a lot of newspaper clippings, mostly about rationing of meats, and high wages for welders, all showing that the people of the West Coast are not enjoying as much real food and feeds as down in good old Texas.

## POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Mr. and Mrs. Vernon Harris of Bonham, Texas, spent several days last week in this vicinity visiting in the homes of Mr. and Mrs. W. S. Peacock and Mr. and Mrs. W. C. Jackson.

Pete Humphries has purchased a fine registered Hereford bull calf from O. R. Burnham.

Joe (Buddy) Boyd, son of Mr. and Mrs. L. H. Boyd has been transferred from Camp Wolters to Ft. Benning, Ga., where he will enter an officers' training school. Joe was made a corporal before leaving the camp at Wolters.

Mrs. Lewis Gist and baby son left for California last week where she plans to live. Her husband is in the army and stationed in that state.

Mrs. Omar Prather left last week to visit her son and family, Mr. and Mrs. LeRoy Prather in California.

Mrs. W. A. Hemphill has returned to her home after a major operation in the Rotan hospital. Glad to report that Mrs. Hemphill is doing fine.

Mrs. Vera Jayroe, Mrs. Lewis Earl Madden, Mrs. Bill Pickron, Mrs. Geo. Darden and Bess Darden attended the bridal shower of Mrs. J. B. Jayroe in the home of Mrs. J. P. Everheart in Sylvester on Saturday of last week.

Army boys home on leave from the Lubbock air base last week end were Tillman Henson and Buddy Gibson.

Joe Miers, who is in the Navy and stationed at Camp Endicott in Davisville, R. I., writes that it is plenty cold and plenty of snow in the wee little state of R. I. Note: To be frank, it's not so darn hot in the old home town of McCaulley.

A Woolsey boy of the Pledger community who is home on leave from the Navy tells us that he saw Doc Perryman in Pearl Harbor not many days ago and that Doc is getting along fine and fat as a pig.

Happy McHone, who works at the barber's trade in Hamlin every Saturday, forgot all about the barber shop last Saturday. The reason, we understand, was that he was trading horses.

There is an old saying, "When you can smell bacon frying and hear dollars jingling, that's a good sign the community is prosperous. We don't know about that, but we do know there has been a lot of hog killing going on around here."

The car business in most places has slowed down to a snail's pace, but the M. & M. Motor Company of McCaulley is still on the up and up. When we say M. & M. we mean Maberry and McCollum.

Mr. and Mrs. Glenn Henderson and children of McCaulley visited friends at Lamesa last Sunday.

Mr. and Mrs. Lon Andress and daughter Frankie Jo visited last Sunday with relatives and friends near Slaton.

For the first time in many years, there is one or two vacant houses for rent in McCaulley.

Mr. and Mrs. J. W. Rush have moved from the Garland flat community to McCaulley. They have rented the Geo. Maberry house in east McCaulley.

It's a shade too cold to get out this week and gather local news and we will appreciate it if you will drop us a card about local happenings, and especially do we want the news about the boys in the armed forces. So until next week, keep 'em shooting—Japs.

Mr. and Mrs. Raymon Tanner of Roby will hold open house, Sunday, January 24, from 2 P. M. until 6:00 P. M. All friends and acquaintances are cordially invited to call. Three blocks north and two blocks west of Bank. Mrs. Tanner before her marriage was Mary Ellen Jackson, a daughter of Mr. and Mrs. W. C. Jackson of the McCaulley community.

B. F. Short has purchased from Sharman Houghton his interest in the Houghton & Short Gro. Store in McCaulley. For many years Mr. Houghton and B. F. Short have been partners and co-owners of the only Red & White grocery store in McCaulley. Mr. Short plans to install a cream station and poultry and egg business in connection with the grocery business. Mr. Houghton, an old timer in these parts, has not made public his plans for the future, however his farm north of town will likely keep him employed.

According to our way of thinking the pay as you go income tax plan is the best way for the people, and too, the best way for the government.

Why wait a year to pay the income tax, when if paid as a fellow makes it, it will cause less confusion on the part of the tax payers as well as the government. Our Congress should whole heartedly support the "pay as you earn plan."

Folks used to holler about the gasoline tax, the cigarette tax, and dozens of other different taxes, but now we are used to it and never think a thing about it when we buy a gallon of gasoline.

When the entire world gets on a cash basis and pay cash on the barrel head, then will our people be

relieved of all installments and the like which have caused many a man many sleepless nights wondering just how he was going to meet those darn installments.

The freezing of cars, refrigerators, etc., have already caused a lot of folks to start a bank account and the sooner the Government starts the pay as you go income tax plan, the sooner the folks will not have to worry where they are going to get the money to pay their income tax.

Credit is a fine thing but we will have to admit, it is easier to borrow than it is to pay back. Let us all urge our Congressmen to vote and work for the "pay as you go income tax."
